1. Log in to your CHI account at <https://chi.westhost.com/>

2. Click on the Domains button on the bar on the left side of the page.

3. In the Domains list on the Left side fothe screen select the domain you want to edit.

4. In the Domains section menu click the WHOIS contacts tab.

5. Here you can edit the RegistrantContact, AdminContact, and TechContact Information.

Please be aware that ICANN does require valid contact information to be used at all times. After a change to the WHOIS contact information, a verification email will be sent to the WHOIS contact email address and must be completed to prevent continuous access to the domain.

6. Save any changes by clicking the Save Changes button at the bottom.

If you have any problems updating your WHOIS contact information, please feel free to [contact us](#).
